

My practical training experience

You should speak on your own about the following points:

- Place where you had your practical training
- When exactly, your working hours
- Job description
- Your duties, responsibility
- Good things about the job, what you liked about it
- Bad things about the job, what you did not like
- Benefits of your practical training
- What to change about the practical training
- Your short-term plans for the nearest future
- Your long-term plans for the future
- Your future career and what you need for it
